## K-12 School District and Community College Partnerships

### What is the school district/Community College partnership agreement?

The University of La Verne offers an institutional award applied toward the cost of tuition to qualified employees of our school district/community college partners. The institutional award will be based upon the student's full-time or half-time enrollment status at the University.

### What type of employment is required to qualify for the institutional award?

You must be employed as either a full-time employee or a permanent part-time employee. Day-to-day substitute teaching does not qualify.

### Which University of La Verne programs qualify for the award?

Most of our degree and credential programs qualify for the institutional award. The candidate must be officially admitted to the qualifying program. The programs that are excluded are: traditional-aged undergraduate programs at the central campus, programs offered through the College of Law, MS in Physician Assistant program and our non-degree Professional Development courses. The University reserves the right to modify these programs at any time.

### Which school districts/community colleges do you have partnership agreements with?
